Logic

1. Therein: The, There, He, In, Rein, Her, Here, Ere, Therein, Herein
2. Shady slipped up when he immediately identified his dead brother-in-law as Sam. Since Shady had several brothers-in-law, he would have no way of knowing which was dead unless he had something to do with the murder.
3. Since they had plenty of sand available, they could pour a little at a time into the hole. The bird would constantly keep shifting its position so that it stood on top of the rising sand until it was raised to the surface and could escape.

Logic Puzzle

Positions are A through D (Introduction). Karl is in position B. (Given 1) The person in position A is listening to the single from *The Mummy* and the person in position C is listening to the single from *Elegant*. (Given 2) Joely, who is listening to the song from *I Can't Wait* (Given 1), is in position D, so "Trip and Fall" is playing in position C. (Given 4) The person listening to the song from *Tequila Sunset* is in position B, so "Spiders" is playing in position A. (Given 5) "Elvis's Tear" isn't playing in position B (Given 1); it is playing in position D. "Do the Crawl" is playing in position B, so Uri is in position A. (Given 3) Amber is in position C.

In summary:

A: Uri, "Spiders," *The Mummy*

B: Karl, "Do the Crawl," *Tequila Sunset*

C: Amber, "Trip and Fall," *Elegant*

D: Joely, "Elvis's Tear," *I Can't Wait*
